Camp Hendon Summer Camp

This summer was my first year at camp hendon summer camp. I was excited and scared. My mom was both! When I first got to camp I only knew 2 girls in my cabin their names are Hancy and Lancy. I knew some counselors. After dinner we did an outdoor activity. Close to the end of the night I cried and all the counselors helped me. I cried 2 times. But then I stopped crying because all the people helped me. I loved camp so much. It really is the best place on earth.

Sincerely Molly
