"Mom, everyone beeps!" camper, after her first day at camp

Camp Hendon gives kids with Type 1 diabetes a week where everybody beeps and nobody has to explain. **It costs $750 to send one kid to that week.** With donated medical supplies and thousands of volunteer hours, each camper ends up with about **$5,400 in care**. Our annual sponsors are how we make it happen year after year, and we thank them at our biggest events and on our website all year.

COMMUNITY
96%
of campers said they gained a sense of belonging at camp.

EDUCATION
70%
said they're more interested in managing their own diabetes.

FELLOWSHIP
76%
said they feel less stress about their diabetes.
